

### The Three Features That I Have Added Are:

Pseudo classes: Every reference will have pseudo classes for link, visited, focus, hover, and active  
Borders styling: Every card or column will have round edges and gray border color  
Tab icons: Each tab icon for every page will be different depending on the content.

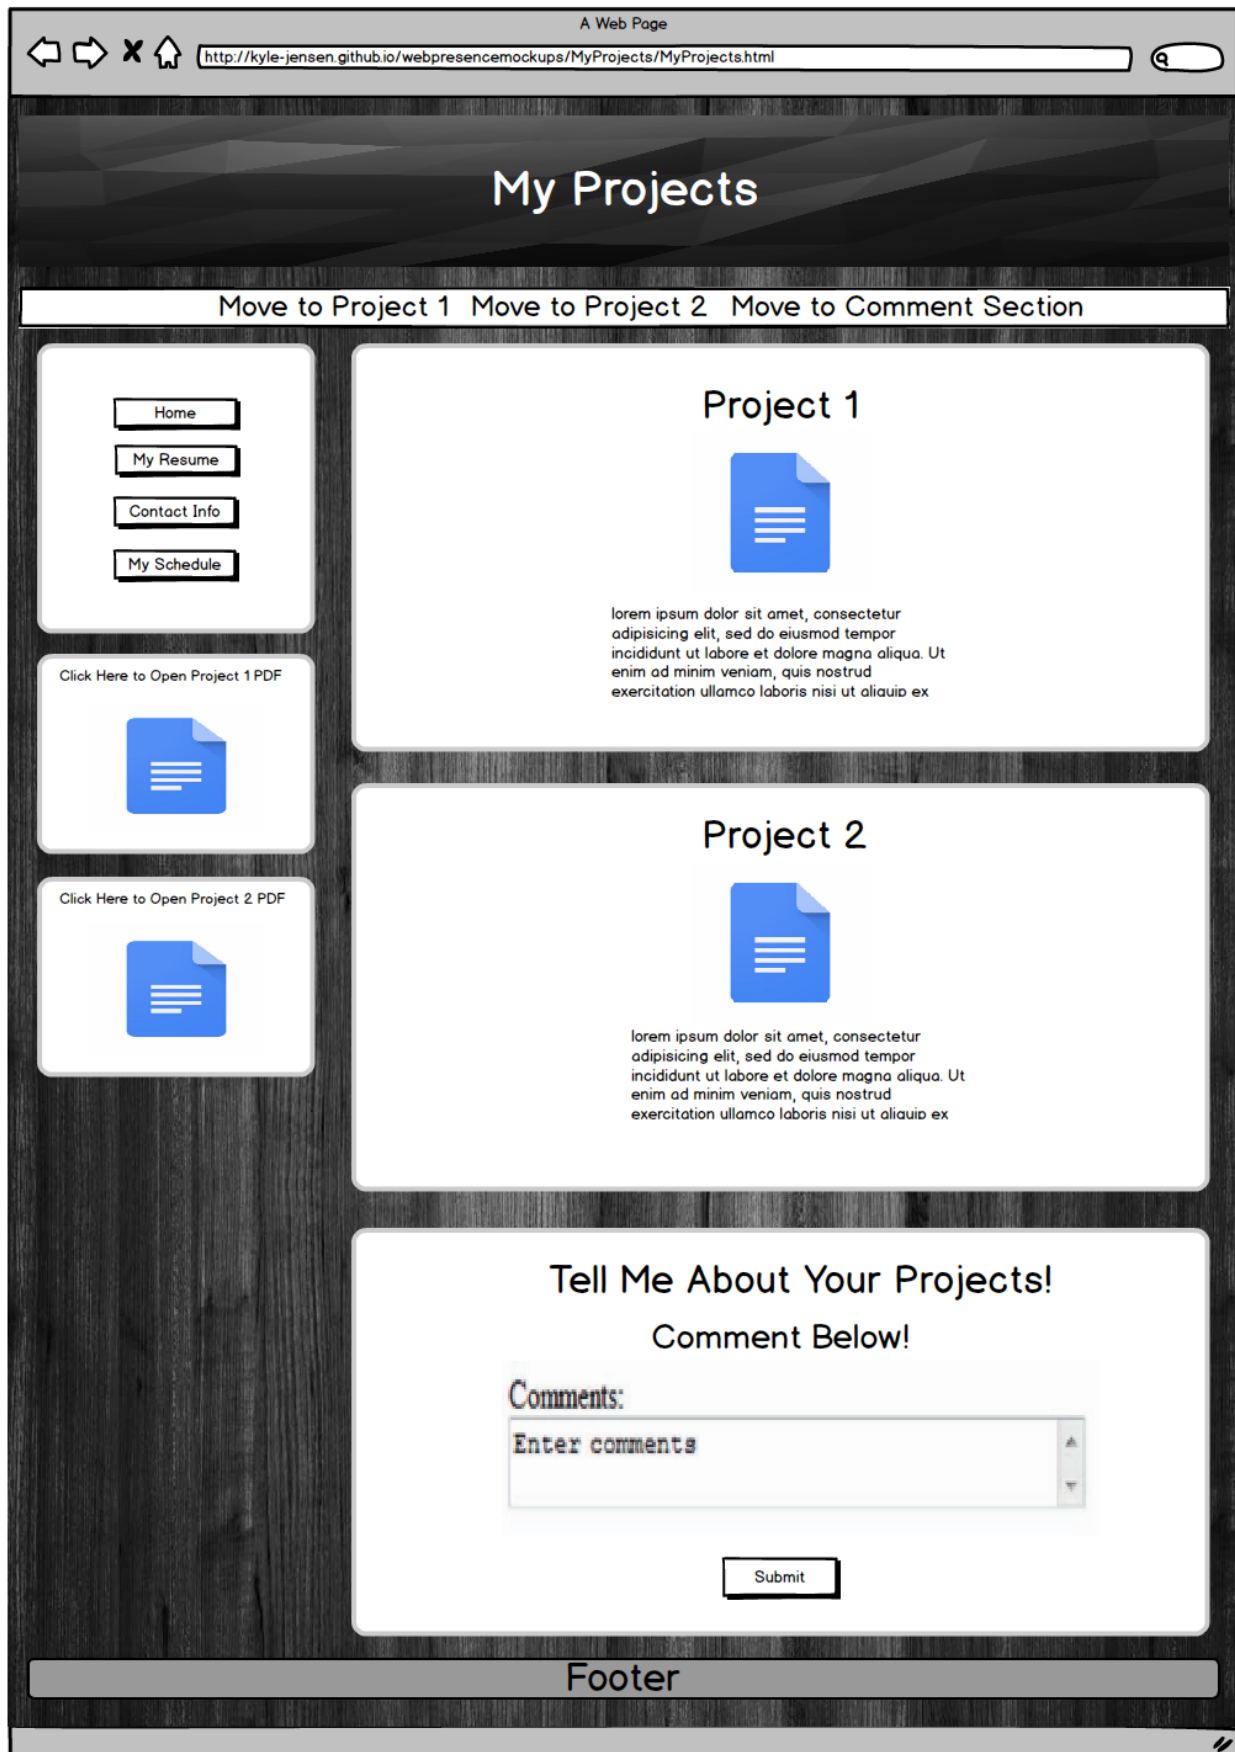

This Webpage utilizes:  
3 column format  
will use an external css file  
floating for pictures  
background image  
a top horizontal picture  
each card/column will have a gray-white gradient  
this page is mobile friendly

This is the mobile design

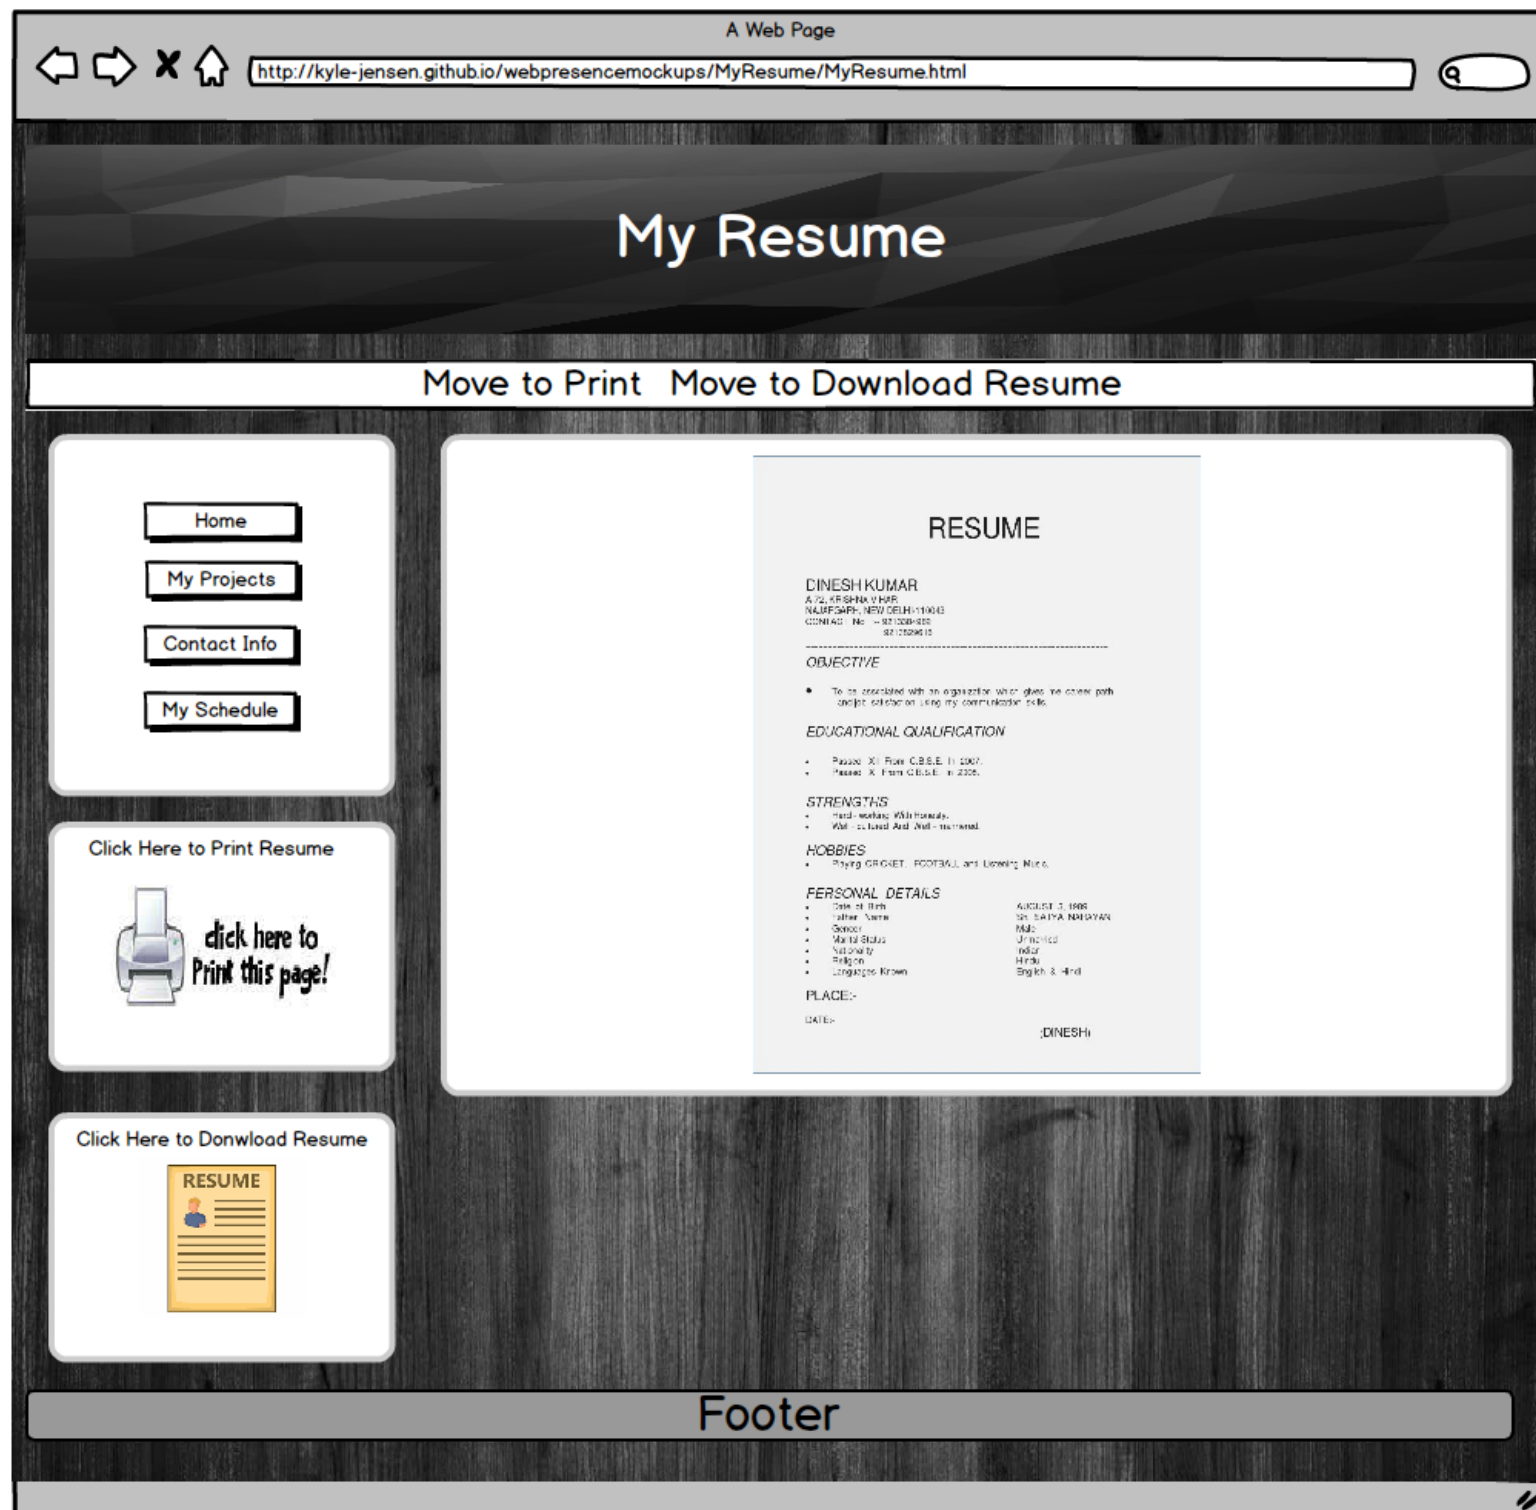

This webpage utilizes:  
Pseudo classes  
border styling  
tab icon  
2 column format  
Will use an external css  
PDF link opens a new tab  
Float for pictures  
background image  
top horizontal picture  
fragment identifier  
a form

This webpage utilizes:

- Pseudo classes
- border styling
- tab icon
- 2 column format
- Email link within resume
- printing
- float for pictures
- background image
- top horizontal image
- gradient styles within cards/ columns
- fragment identifier

This webpage utilizes:

Pseudo classes
